THE BOAT HORN. O, boatman! wind that horn again, For never did the list'ring air Upon its lambent bosom bear So wild, so soft, so sweet a strain. What though thy notes are sad and few, By every simple boatman blown, Yet is each puise to nature true, And melody in every tone. How oft in boyhood's joyous day, Unmindful of the lapsing hours, I've loitered on my homeward way By wild Ohio's brick of flowers, While some lone boatman, from the deck, Poured his soft numbers to that tide, As if to chaim from storm and wreck The boat where all his fortunes ride! Delighted Nature drank the sound, Enchanted-Echo bore it round In whispers soft, and softer still, From hill to plain, and plain to hill, Till e'en the thoughtless, frelick boy, Elate with hope and wild with joy, Who gambol'd by the tiver's site, And sported with the fretting tide, Feels something new pervade his breast, Chain his light step, repress his jest, Hends o'er the flood his eager ear To catch the sounds far off, yet dear-Drinks the sweet draught, but knows not why The teat of rapture fills his eye. And can be now, to manhood grown, Tell why those notes, simple and lone, As on the ravished ear they fell, Bind every sense in magic spell? There is a tide of feeling given To all on earth-its fountain, Heaven. Beginning with the dewy flower, Just oped in Flora's vernal bower-Rising creation's orders through With louder murmur, brighter hue-That tide is sympathy! its ebb and flow Give life its bucs of joy and wo. Music, the master-spirit that can move Its waves to war, or full them into love-Can cheer the sinking sailor mid the wave, And bid the soldier on! nor fear the grave-Inspire the fainting pilgrim on his road, And elevate his soul to claim his God. BULLETIN NO. 5. THE SEASON OF THE YEAR has come when extreme care should

be taken of the health. Nearly all the diseases of Summer are traceable to exposures in the Spring, or to the juch should have been resorted to. it is not surprising that the human system should be powerfully affected it this time. The whole realm of nature shows that wonderf il influences are at road. The ower world awakes to new life, and man and beast and all animated existence are affected. Now is the time, therefore, to use such medicinal proparations as expecience has shown to be infallible in the prevention and cure

Spring Medicines. the Genefenberg Vegetable Pills, the Graefenberg Health Bitters, and the Graefesberg Sarsapardia Compound, should supersade atl others. For universal use the pills and bitters are of incalculable

value. Those who take them need not fear the ennervating effects

of the Sammer which is at hand. The object of the present But-

letin is to apprize the public of the acknowledged superiority of Graefenberg Sarsaparilla Compound. Saraparita is of vast efficacy in cleansing the system from the foulest taints; but it must be prepared on the most scientific principles and in the most taithtul manner. It is not enough that we put it in large vessels or vats to steep or boil, mixing it with great quantities of molasses and water. An article thus manufactured must injure the tene of the stomach, and be comparatively inert. The Sarsaparilla Compound manufactured by the Graefenberg Company, is a most powerful concentration. It is to Sarsaparilla what Quinine is to Fernylan bark; one bottle cortaining more

virtue than ten of any other ever before manufactured. The dee is half a tea-spoonful only; so that there are more oves in a bottle than there is in the largest bottle in market of any other manufacture. It is almost liter by a Sulphate of Sarsaparilla. The public are well advised of the uses of Sarsaparilla, by means of the numerous advertisements which crowd the press. It is unnecessary for us, therefore, to trouble the reader with a recapitulation of the matter. We would simply add that all persons who have made up their minds to use the article should pur chase no other than that made be this Company. Beltis warranted to be ten times more efficacions than any other known; no matter how large the bottle, or extravagant the advertisements, because it contains to addition to Sarsaparilla, a powerfu concentration of Mandrake, Burdock, Queen's Delight,

Enter, Yellow Dock, Quiocum, and other important medicaments which are act found in any other preparation. It has performed cures of a kind almost surpassing belief; and is recommended by The general agent for Indiana, is M SEATON, Centreville, Wayne county, to whom applications for agencies may be ad-

At the age of six years, her age at present is sixteen, she was first attacked with this dreadful malady called Epileptic Fits. And until she commenced taking the Extract, she suffered with attacks of fits almost incessanty, and so severely as to threaten to drive reason from its throne, and render her insane-IDIOTIC.

Physicians pronounced her incurable, and could do nothing more for her. We had almost despaired of a cure, when hearing of the remarkable cores performed by the Vegetable Extract, we determined to give it a trial. WE do not wish to tride with the lives or heath of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtue of this medicine and to hold out no hope to suffering humanity which facts will not warrant. We ask the attention of the candid to a few considerations. Nature in every part of her works, has left indelible marks of adaptation and design. The constitution of the animals and vegetables of the torrid is such that they could not endure the cold of the trigid zone and vice verse. In regard to disease and its cure, the adaptation of remedies is not less striking. The Moss of Iceland and the Pine and Wild Cherry are justly celebrated for the cure of all diseases of the Lungs and Liver, which are so learfully prevalent in all northern latitudes. From a combination of Chemical Extracts procured from this "Moss," and these 'Trees,' Dr. Wistar's | beauty of this medicine is, at is always safe, and the most delicate use Balsam of Wild Cherry is chiefly formed. From the Harrison (Ind.) Gazette, of Feb. 1, 1848.

The incredulous are invited to read the following note from the Rev-Mr. Coldron, whose character for truth and veracity stands above sus. picion, and have their doubts dispelled as to the superiority of Wistar's Balsam of Wild Cherry, over all other temedies of the same Convoon, Ind., January 28, 1848.

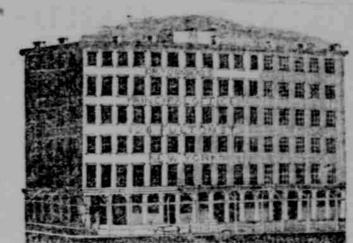

It is nodess a duty than a pleasure to me to state for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry, a great blessing to the human race. Having tried it in a case of severe alfection of the lungs, unhesitatingly recommend it to those similarly afflicted as the best remedy that I have ever tried, and one which cured me when the physicans said I must die, and when I thought myself that my time to depart was near at hand

WILLIAM COLDRON. SPRINGFIELD, KY., May 14, 1845. Messrs. Sanford & Park: I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr.Wistar's Balsam of Wild Cherry. In the year 1840, I was taken with an uffammation of the bowels, which I labored under for 6 weeks, when I gradually recovered. In the fall of 1841, I was attacked with a severe cold, which seated itself upon my langs, and for the space of three years I was confined to my bed. I tried all kinds of medicines, and every variety of medical aid, without benefit; and thus I wearid

along until the winter of 1844, when I heard of Wistar's Balsam of Wild Cherry. My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitation, I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry The effect was truly astonishing. After five years of affliction, pain, and suffering, and after having spent four or five bundred dollars to no purpose, and the best and most re-pectable physicians had proved unavailing, I was soon re-tored to entire health by the blessing of God and the use of Pr. Wistar's Balsam of Wild Cherry. I am now Now therefore, there is hereby offered in the name of the of said court, to be held at the Court House in Indianapolis on the enjoying good health, and such is my altered appearance, that I am of said court, to be held at the Court House in Indianapolis on the no longer known when I meet my former acquaintances. I have gained rapidly in weight, and my flesh is firm and solid. I can now eat is much as any person, and my food seems to agree with me. I have eaten more during the last six months than I had eaten in five vears before. Considering my case aimost a miracle I deem it necessary for the good of the afflicted, and a duty I owe to the proprietors and my fellow men, (who should know where relief may be had,) to make this statement public. May the blessings of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Yours respectfully, Beware of Counterferts - Those who counterfest a good medi-

cine for the purpose of adding a few dollars to their pockets are far worse than the manufacturers of spurious coin. For while the latter only tob us of our property, the former take property and health and life away. Dr. Wistar's Bals: m of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordimary cures in cases of pulmenary and asthmatic character, ever before recorded in the history of medicine. The young, the beautiful, the good all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country. Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balsam of Wild Cherry, and refuse with scorn counterfests, and every other article proffered to them as a substitute, so long will cures, positive cures, cheer the fire-sdie of many a despairing family. FEVER AND AGUE. Dr. Townsend's Sarsaparilla is unequalled in cases of the Chills and Fever and Ague. The following letter is only one of hundreds hat we have received from the South and West of like character. Osmogo, Mich., Oct. 22, 1847. Dr. Townsenn: Dear Sir :- I purchased for my wife two bottles of atsaparitia of your Agent, Mr. McNair, of Kalamazoo, to try it for the Fever and Ague. Before I had finished the first bottle, it appeared to warm the blood, and every other day, when the Chilis and Fever appeared, they were less violent, and before she had finished the bottle she was entirely relieved, and she was much better than she had been before she took the Ague. A lady that had been very sick with the Chills and Fever, but had broke them with Quinine, and was left in a very weak and distressing state, and troubled exedingly with the Ague Cake, seeing the effect that it had on my wife, she sent and procured a few bottles, and it restored her in a few weeks to complete health. Your sars paritle is without doubt,

unequalled in discuses incident to the West, and if you think that his communication will be of use, you are at aberty to use it as you Yours, respectfully. CHARLES H. SWAIN. CANKER IN THE MOUTH. Below is an account of another child saved. Dr. Townsend's sar-

saparilla has saved the lives of thousands of children. The following two certificates are selected from a great number received this New York, April 1, 1847. Dr. Townsend: Dear Sir-One of my children was very sick with

a Canker in the Menth and Throat, attended with great debility. It came near dying. I obtained some of your excellent medicine, and it cured it directly, for which I assure you I feel very grateful.

ELIZABETH FOWLER, 27 Desbrosses-st. FITS! FITS!! FITS!!! Dr. Townsend, not having tested his sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the fol-

lowing from an intelligent and respectable Parmer in Westchester Dr. Townsend-Dear Sir: I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success, at last, although we could find no recommendation in our carculars for cases like hers, we thought, as she was in very delicate health, we would give her some of your sarsaparilla, and are very glad we did for it not only restored her strength, but she had no return of the Fits, to our great pleasure and

surprise. She is last becoming rugged and hearty, for which we feel Yours re-pecifully, JOHN BUTLER, Mr. FEMALE MEDICINE. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Burrenness, Propusus Uteri, or Falling of the Womb, Costiveness, Piles, Lencordos, or Whites, obstructed or difficult Menstruation, Incontinence of Unine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes produced by irregularity, iffness or accident. Nothing be more surprising than its invigorating effects on the human frame. Per sons all weakness and lassitude, from taking it at ouce become robust and tub of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates

of cures performed but we can assure the afflicted, that hundrens of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluble medicine, have been blessed with fine healthy offspring. TO MOTHERS AND MARRIED LADIES. This Extract of Sarsapardla has been expressly prepared in reference to female complaints. No female a ho has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womenbood, as it is calculated to assist nature, by quickening the blood and invigorating

the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as produce subsequent relaxation, which is the case of most medicines YEAR!
